Customer Problem Statement:

The role of the admin is to check out the database about the stock and have a track of all the things that the users are purchasing The user will login into the website and go through the products available on the website. Instead of navigating to several screens for booking products online, the user can directly talk to Chatbot regarding the products Get the recommendations based on information provided by the user.
Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	Smart fashion application	Track my order	Free delivery	Lots of fake products	Frustrated
PS-2	Smart fashion application	Information about the product	Irrelevant products	Advertisements	Disappointed
